

“Building A Future” For The Children Of Sierra Leone

Sponsor a Classroom – 21,500 dirhams

The United Nations has estimated that there are over 500,000 children in Sierra Leone that do not have access to basic education. Many of these children are orphaned, abandoned, disabled, or have dropped out of school due to lack of financial backing.

All As One has launched its “Building A Future” campaign for the children of Sierra Leone. As part of our vision, and in coordination with the government of Sierra Leone, All As One plans to build a new Children’s Center and Schools that will provide accommodation for 150+ children and school facilities for over 300. The Children’s Center will have a Primary and Junior School, along with a Medical Clinic. Phase Two of our project will include a Senior Secondary School and a Vocational College to provide accelerated learning and special skills. The aim of the schools will be to equip as many children as possible with the skills needed to become self-sustaining and responsible adults.

The All As One Schools will allow orphaned, abandoned and destitute children the opportunity of an education that meets the structured educational processes of Sierra Leone. The schools will serve not only the children in All As One’s care, but also children in the local community.

By supporting our “Building A Future” campaign, you and the students of your school will help to invest in the future of the children in Sierra Leone.

Please find enclosed a list of fundraising ideas that will help your school achieve its target.

Contact All As One today by emailing info@aaodubai.org or calling 04 311 6578.
